

Dear Fellow Teamster:

Welcome to Teamsters Local union 509 Website.

Local Union 509 is excited to enhance our services to the members of our great union by providing information and communication through our web page. I am confident you will share in our excitement as we bring reliable and accurate information to your fingertips. Local Union 509 has also linked our web page to the International Brotherhood of Teamsters as well as other websites to assure the information you need is readily available. In today's world the members time is crucial as things seem to move at the speed of light. Local Union 509's web page will be a tool for our members to use at their own convenience to gain insight of the issues we are faced with as labor organization as well as dates, times of meetings, votes, and other organized events. On behalf of the Local Union, Officers, Business Agents and Staff we welcome you to our web page and we hope that you enjoy it as much as we enjoyed putting it together.

James Todd
